2.	Located near this town, adjacent to the railroad, was an open-pit coal mine almost a mile long. Instead of a mechanical conveyor for removing the ore, there was a never-ending human chain of Chinese, each girded in a simple cloth and carrying				
	two baskets of ore over his shoulder on a pole. when a man falls out of line, he is killed and buried and is replaced by an inmate from not know where the ore was shipped.
